The circular economy is a model of production and consumption that aims to eliminate waste and pollution, while also creating new jobs and economic opportunities. It is based on the idea of keeping resources in use

for as long as possible, and then recovering and recycling them at the end of their life.

The circular economy has the potential to make a significant contribution to sustainable urban development. By reducing waste and pollution, it can improve air and water quality, and protect ecosystems. It can also create new jobs and economic opportunities, and help to reduce poverty.

ICSCR 2024 will provide a platform for researchers, policymakers, and practitioners to share their knowledge and experiences on the circular economy. The conference will also explore the challenges and opportunities of implementing the circular economy in different contexts.

The conference will feature a range of presentations, workshops, and field trips. It will also provide opportunities for networking and collaboration.

Call for Papers

ICSCR 2024 is now accepting abstracts for papers. The deadline for abstract submission is March 31st, 2024. Abstracts should be submitted online at the conference website.

Papers are invited on all aspects of sustainable urban development, with a focus on the circular economy. Topics of interest include:

- Circular economy principles and practices

- Circular economy case studies

- Circular economy policy and regulation

- Circular economy education and training

- Circular economy and sustainable city planning

- Circular economy and urban infrastructure

- Circular economy and urban transportation

- Circular economy and urban waste management

- Circular economy and urban energy

- Circular economy and urban water

Important Dates

- **March 31st, 2024:** Deadline for abstract submission

- **June 30th, 2024:** Notification of acceptance

- **September 30th, 2024:** Deadline for full paper submission

- **November 28th-30th, 2024:** Conference dates

Contact Information

For more information about ICSCR 2024, please contact the conference secretariat at icscr2024@qingdao.gov.cn.

Venue

ICSCR 2024 will be held at the Qingdao International Convention Center in Qingdao, China.

Qingdao is a beautiful coastal city in eastern China. It is a major economic and cultural center, and is home to a number of universities and research institutions.

The Qingdao International Convention Center is a state-of-the-art facility that is located in the heart of the city. It is easily accessible by public transportation and is close to a number of hotels and restaurants.

Accommodation

A block of rooms has been reserved for conference attendees at the following hotels:

- **Sheraton Qingdao Hotel**

- **Crowne Plaza Qingdao**

- **Holiday Inn Qingdao City Center**

Attendees can book rooms at these hotels at a discounted rate by using the conference code when booking.

Transportation

Qingdao is easily accessible by air, rail, and road. The city is served by Qingdao Liuting International Airport (TAO),which is located about 20 kilometers from the city center.

There are also a number of high-speed rail lines that connect Qingdao to major cities in China, such as Beijing, Shanghai, and Guangzhou.

Once in Qingdao, attendees can use the city's extensive public transportation system to get around. The city has a number of bus and metro lines that connect all parts of the city.

Visa Information

Citizens of most countries do not need a visa to enter China for a stay of up to 30 days. However, citizens of some countries, such as the United States and the United Kingdom, need to apply for a visa in advance.

Attendees who need a visa should apply for a tourist visa (L visa). The visa application process can take several weeks, so it is important to apply well in advance of travel.

Registration

Online registration for ICSCR 2024 will open in March 2024. The registration fee includes access to all conference sessions, workshops, and field trips. It also includes a welcome reception, a gala dinner, and coffee breaks.

Attendees can register online or by mail. The registration form is available on the conference website.

We look forward to welcoming you to Qingdao in November 2024!
