- A mix of question types, including spatial reasoning, problem solving, and pattern recognition
- A detailed answer key
- A score report that shows your child's strengths and weaknesses

There are many benefits to using our CEM 11+ Non-Verbal Reasoning practice assessment tests, including:

- **Improved understanding of the exam format and content:** Your child will become familiar with the different types of questions that they will encounter on the exam, and they will learn how to answer them effectively.
- **Increased confidence:** By taking multiple practice tests, your child will build their confidence in their ability to succeed on the exam.
- **Identification of strengths and weaknesses:** The score reports will help you and your child identify areas where they need to improve.
- **Targeted practice:** Your child can focus their practice on the areas where they need the most help.

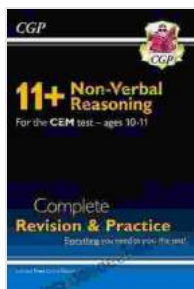

We recommend that your child takes one practice test per week in the lead-up to the exam. However, you can adjust the schedule to fit your child's individual needs.

When your child takes a practice test, it is important to create a quiet and distraction-free environment. They should complete the test under timed conditions, and they should not use any notes or calculators.

After your child has completed the test, be sure to review the answer key with them. Discuss any questions that they got wrong, and help them to understand the correct answers.

Our CEM 11+ Non-Verbal Reasoning practice assessment tests are an essential resource for parents and students who are preparing for the CEM 11+ entrance exam. These tests will help your child to develop the skills and confidence they need to succeed on the exam.

Order your copy of the practice assessment tests today, and give your child the best chance of success in the CEM 11+ Non-Verbal Reasoning exam.
