\*

- 1 sheet of 7-count plastic canvas
- Yarn in various colors
- Yarn needle
- Scissors

## Instructions

Follow these step-by-step instructions to create your own Bingo Sign  
Plastic Canvas Pattern:

1. Start by cutting a piece of plastic canvas to the desired size of your sign. The pattern below is for a sign that measures 8 inches by 10

inches, but you can adjust the size to fit your needs.

2. Once you have cut your plastic canvas to size, you can begin stitching the design. The pattern below uses a variety of stitches, including the single crochet stitch, the double crochet stitch, and the slip stitch. For more information on these stitches, please refer to a basic crochet tutorial.
3. To start stitching, simply insert your yarn needle into the first hole on the plastic canvas and pull the yarn through. Then, insert the needle into the next hole and pull the yarn through again. Continue stitching in this manner, following the pattern below.
4. Once you have completed stitching the design, you can finish off the sign by adding a border. The border is simply a row of single crochet stitches worked around the edge of the sign. To add the border, insert your yarn needle into the first hole on the edge of the sign and pull the yarn through. Then, insert the needle into the next hole and pull the yarn through again. Continue stitching in this manner, working all the way around the edge of the sign.
5. Once you have finished stitching the border, you can cut the yarn and weave in the ends. To weave in the ends, simply insert the yarn needle into the last hole you stitched and pull the yarn through. Then, insert the needle into the hole next to it and pull the yarn through again. Continue weaving in the ends in this manner until all of the ends are hidden.
