## Plot

Day of the Bizarros is a four-part story arc that was published in Action Comics #850-853. The story begins with Superman investigating a strange signal coming from a parallel Earth. When he arrives on this Earth, he finds that everything is opposite to our own world. The sun is black, the sky is green, and the people are all Bizarros.

Bizarros are a race of beings who are the opposite of humans in every way. They are clumsy, awkward, and have a strange language. They also have a different set of values than humans. For example, they believe that weakness is good and strength is bad.

Superman soon learns that the Bizarros are planning to invade Earth. He teams up with a group of Bizarros who are opposed to the invasion, and

together they must stop the Bizarros from destroying Earth.
