The Key Stage 2 (KS2) Maths curriculum is a critical milestone in your child's mathematical development. During this crucial stage, pupils solidify their understanding of fundamental mathematical concepts and develop essential problem-solving skills. To support your child's progress and ensure they reach their full mathematical potential, the New Ks2 Maths Targeted Study Year has been meticulously designed.

Tailored Support for Every Learner

The New Ks2 Maths Targeted Study Year recognizes that every child learns differently. That's why it offers tailored support to meet the unique needs of each pupil. With a range of differentiated activities and resources, teachers can customize the learning experience to match each child's strengths and areas for improvement.

Interactive Activities to Keep Learning Engaging

Gone are the days of dull textbooks and rote memorization. The New Ks2 Maths Targeted Study Year is packed with interactive activities that make learning fun and engaging. From interactive games and simulations to hands-on experiments, pupils will discover the joy of maths while developing essential skills.

Step-by-Step Guidance for Success

Clear and concise step-by-step guidance is crucial for building a strong mathematical foundation. The New Ks2 Maths Targeted Study Year provides detailed explanations and demonstrations to help pupils grasp complex concepts with ease. This structured approach fosters confidence and empowers pupils to tackle challenges independently.

Personalized Feedback to Empower Progress

To maximize progress, it's essential to monitor each child's understanding and provide timely feedback. The New Ks2 Maths Targeted Study Year offers personalized feedback to help pupils identify areas where they excel and areas that require further attention. This tailored approach ensures that every child receives the support they need to reach their full potential.

A Comprehensive Resource for All

The New Ks2 Maths Targeted Study Year is a comprehensive resource that covers the entire KS2 maths curriculum. From number and place value to geometry and statistics, pupils will find everything they need to excel in their mathematical studies.
