The story begins as the world teeters on the brink of destruction. A massive solar flare is headed towards Earth, and if it hits, it will wipe out all life on the planet. The only hope for survival lies with a group of individuals who have been chosen to ascend to a higher level of consciousness and become the Soldiers of Ascension.

These individuals come from all walks of life. There is Sarah, a young woman who has been struggling with depression and anxiety. There is John, a former soldier who is haunted by the memories of war. And there is

Mary, a scientist who has dedicated her life to finding a way to save the planet.

Together, these individuals must learn to work together and overcome their own personal challenges in order to save the world. They must learn to forgive themselves and others, and they must learn to accept their own darkness and embrace their true potential.
